Summary

Motivated and self-taught software developer with a year of hands-on experience in building robust web applications using the MERN stack and React. Demonstrated ability to learn quickly, adapt to new technologies, and thrive in independent and collaborative environments. A "can do" attitude with a passion for creating innovative and impactful solutions. Eager to contribute skills and expertise to a dynamic development team.

Skills

- **Front-End:** React, JavaScript, HTML, CSS, Bootstrap, Styled-components
- **Back-End:** Node.js, Express.js
- **Database:** MongoDB, Mongoose
- **APIs:** RESTful APIs, third-party API integration (e.g., Daraja API)
- **State Management:** Redux
- **Tools:** Git, GitHub
- **Other:** Responsive Web Design, User Interface (UI) Design

Work Experience

Bidmania Ventures | Nairobi, Kenya | [Date Started] - Present

- Implemented back-end functionality, MongoDB databases, and integrated M-Pesa online payment using Daraja API.
- Collaborated with cross-functional teams to deliver high-quality, user-centric features.

Education

- **Moi University | [Eldoret] | 1998 - 2003**
 - *Degree in Mechanical Engineering*

Projects

1. New Portfolio

- [Link to Project](#)
- Technologies: ReactJS, CSS, HTML

2. Business Management App

- [Link to Project](#)
- [GitHub Repository](#)
- Technologies: ReactJS, Node.js, Express.js, MongoDB Atlas, Daraja API

3. Online Bidding App

- [Link to Project](#)
- Technologies: ReactJS, Node.js, Express.js, MongoDB Atlas, Mpesa-Daraja API

4. E-commerce App

- [Link to Project](#)
- Technologies: ReactJS, CSS, HTML

5. Travel and Tours

- [Link to Project](#)
- Technologies: ReactJS, Node.js, Express.js, MongoDB Atlas

6. Portfolio

- [Link to Project](#)
- Technologies: ReactJS, CSS, HTML

Accomplishments

- Developed responsive UIs with React and styled them using CSS, Bootstrap, and Styled-components.
- Implemented authentication and authorization using JSON Web Tokens (JWT).
- Created and managed MongoDB Atlas databases.
- Fetched and displayed data from external APIs using Axios.
- Developed APIs using Express.js and Node.js.

Expectations

- Eager to work on challenging projects that promote growth and creativity.
- Values collaboration and teamwork for achieving exceptional results.
- Seeks projects that align with ethical standards and positively impact people's lives.
- Open to continuous learning and adapting to new technologies.
